Figure 2: NOC II Module Listing Page with various application statuses

The **Listing Page** provides an overview of all NOC applications, including their current statuses. It includes columns for the applicant's name, location details (district, taluka, village), NOC reference, application date, application status, and actions. The application status flow ensures transparency and allows users to track the progress of their applications. Below is a screenshot of the Listing Page with all columns and statuses highlighted.

#### Listing Page Layout:

1. Sr. No: Serial number of the application.
2. Name: Name of the applicant.
3. District: District where the well is proposed to be sunk.
4. Taluka: Taluka where the well is proposed to be sunk.
5. Village: Village where the well is proposed to be sunk..
6. Application Date: Date on which the application was submitted.
7. Application Status: Current status of the application (e.g., Pending, Pending for Approval, Approved, etc.).
8. Action: Links or buttons for taking actions (e.g., View Details, Edit etc.)

#### Application Status Flow:

1. **Pending:** The application is partially filled and not yet submitted by the user.
2. **Pending For Approval:** The user has completed and submitted the form.

3. **Refilling:** The admin has found incorrect information and allowed the outer user to refill the form.
4. **Approved:** The admin has approved the application, and the user can download the certified copy.
5. **Rejected:** The admin has rejected the application.

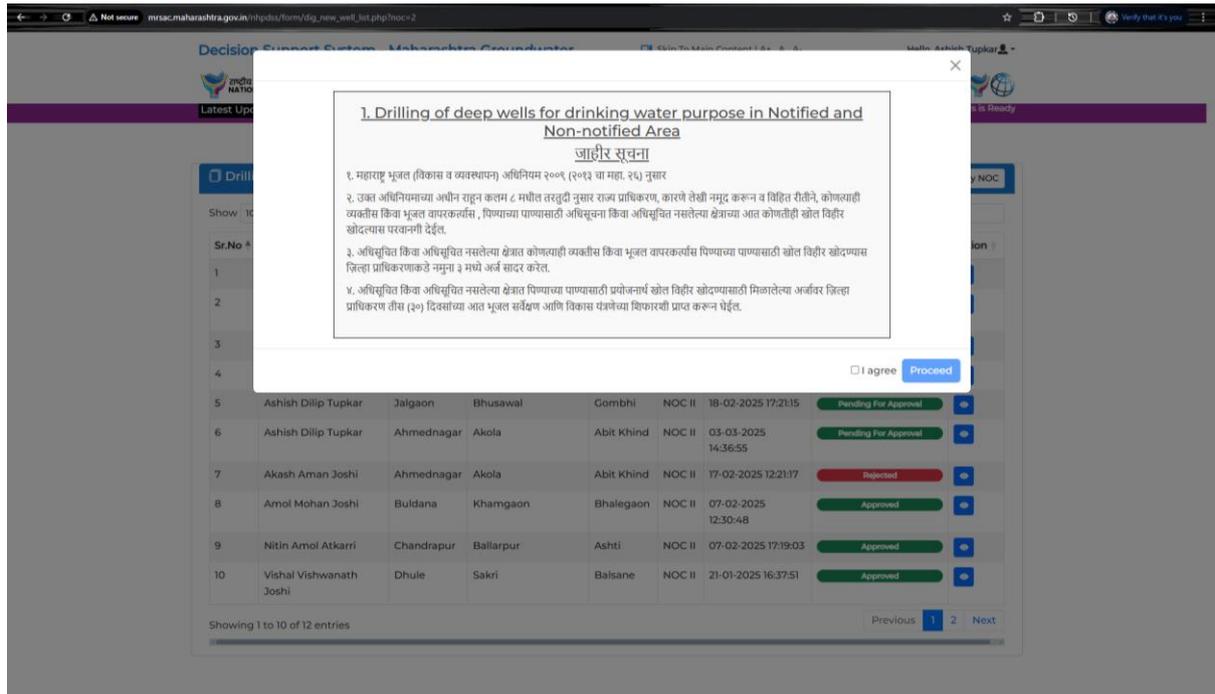

Figure 2: NOC II Agreement Page

Before users can start filling out the NOC II Application Form, they must agree to the terms and conditions by clicking the **Apply NOC** Button on Listing Page. This opens a popup with the terms and conditions, which the user must accept before proceeding.

### Functionality:

- 1. Apply NOC Button:**
  - Located on the **Listing Page**.
  - When clicked, it opens a popup with the terms and conditions.
- 2. Terms and Conditions Popup:**
  - Displays the terms and conditions related to the NOC application.
  - Includes a **checkbox** for the user to agree to the terms.
  - Includes a **Proceed Button** to move to the application form.

Figure 2: Applicant Details Tab of the NOC II Application Form

The **Application Details Tab** in the **NOC II Application Form** collects essential information about the applicant and the location where the deep well for drinking water purposes is proposed to be drilled. The form is divided into multiple tabs for ease of use.

The **Application Details Tab** collects essential information about the applicant and the location where the new well is proposed to be drilled. It includes fields for personal details, address, and geographic coordinates. Mandatory fields are marked with an asterisk (\*). The tab also features buttons for saving the form as a draft and proceeding to the next tab. above is a screenshot of the Application Details Tab with all fields and buttons.

### Fields:

1. **First Name:** Text field for entering the applicant's first name.
2. **Middle Name:** Text field for entering the applicant's middle name (optional).
3. **Last Name:** Text field for entering the applicant's last name.
4. **Father's or Husband's Name:** Text field for entering the father's or husband's name.
5. **District:** Dropdown for selecting the district.
6. **Taluka:** Dropdown for selecting the taluka.
7. **Village:** Dropdown for selecting the village.
8. **Gram Panchayat:** Text field for entering the gram panchayat name.
9. **Pincode:** Text field for entering the pincode.
10. **Mobile No:** Text field for entering the applicant's mobile number.
11. **Aadhar No:** Text field for entering the applicant's Aadhar number.
12. **Full Address:** Text field for entering the applicant's complete address.
13. **Location District:** Dropdown for selecting the district where the well is proposed.
14. **Location Taluka:** Dropdown for selecting the taluka.
15. **Location Village:** Dropdown for selecting the village.

16. **Location Gram Panchayat:** Text field for entering the gram panchayat name.
17. **Location Pincode:** Text field for entering the pincode.
18. **Revenue Survey No/ Gat No:** Text field for entering the revenue survey number or Gat number.
19. **Latitude:** Text field for entering the latitude of the proposed well location.
20. **Longitude:** Text field for entering the longitude of the proposed well location.

**Buttons:**

1. **Submit Application Details:** Upon clicking **Submit Application Details**, the form is saved as a draft (partially filled), and the system automatically navigates to the next tab, **Well Details**.

Figure 3: Well Details Tab of the NOC II Application Form.

The **Well Details Tab** collects detailed information about the proposed deep well for drinking water purposes. It includes fields for the current status of drinking water, population details, water requirements, and well dimensions. Mandatory fields are marked with an asterisk (\*). The tab also features a **Submit Button** to save the data and proceed to the **Upload Documents Tab**. Above are a screenshot of the Well Details Tab with all fields and buttons highlighted.

#### Fields:

1. **Present Status of Drinking Water\***: Dropdown with options Adequate, Inadequate.
2. **Total Population in the Village**: Text box for entering the total population in the village.
3. **Total Persons for Drinking Water from Proposed Well\***: Text box for entering the number of persons who will use the proposed well for drinking water.
4. **Total Water Requirement per Day (Kilolitres)\***: Text box for entering the total water requirement per day in kilolitres.
5. **Proposed Dimensions - Depth (m) (below the ground level)\***: Text box for entering the proposed depth of the well in meters.
6. **Diameter (mm)\***: Text box for entering the proposed diameter of the well in millimetres.

#### Submit Button:

1. **Submit Well Details:** Upon clicking Submit Well Details, the form is saved as a draft (partially filled), and the system automatically navigates to the next tab, **Upload Documents**.

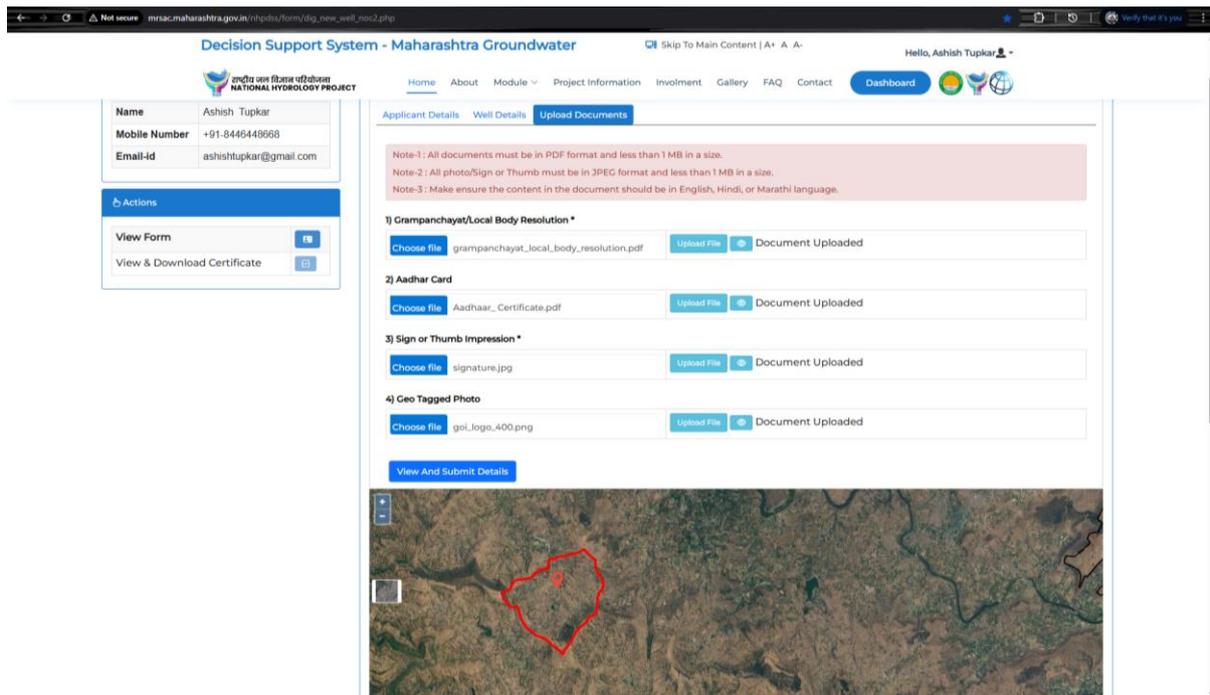

Figure 4: Upload Documents Tab of the NOC II Application Form.

The **Upload Documents Tab** allows users to upload all required documents for the NOC II application. It includes fields for uploading the Gram panchayat/Local Body Resolution, Aadhar Card, Sign or Thumb Impression, and Geo Tagged Photo. Mandatory fields are marked with an asterisk (\*). The tab also features a **View and Submit Details Button** to review the application and submit it, which redirects the user back to the **Listing Page**. Above is a screenshot of the Upload Documents Tab with all fields and buttons highlighted.

#### Fields:

1. **Gram panchayat/Local Body Resolution\***: Dropdown with options Adequate, Inadequate.
2. **Aadhar Card**: Text box for entering the total population in the village.
3. **Sign or Thumb Impression\***: Text box for entering the number of persons who will use the proposed well for drinking water.
4. **Geo Tagged Photo**: Text box for entering the total water requirement per day in kilolitres.

#### Buttons:

1. **View and Submit Details Button**:
  - Opens a popup displaying all the information filled in the form across all tabs.
  - Allows the user to review the application before submission.
  - After submission, the user is redirected back to the **Listing Page**.

After submitting the application, the outer user must monitor the application status until the admin user verifies it. The application status can change to **Rejected**, **Approved**,

or **Refilling**. If the status is **Refilling**, the user must update the required information in the associated tabs, with the fields highlighted in red. If the status is **Approved**, the user can download the certificate using the **View and Download Certificate** button or a scanner code. Below are screenshots of the Refilling Status, Approved Status, and certificate download options.
